

Homicide Survivors Selected as Journal Community Partner!

Homicide Survivors, Inc has been selected as the Journal Broadcasting Group's July 2010 Community Partner! According to radio host and Community Partnership Director, Bobby Rich:

“Many charity groups and non-profit agencies in Southern Arizona have good news to share but no way to share it. They do great work around our community but it often goes unnoticed, even by those who might benefit from the services they provide. It's precisely why we established the Journal Community Partner Program.

Journal is putting all of our media platforms to work for one deserving organization each month. The Community Partner can publicize the services they provide, promote an upcoming event, or give those who need help a way to reach them.

In short, a major-media campaign with an in-kind value of over \$100,000 for free.”

Homicide Survivors was selected in a very competitive process for media exposure during the month of July, 2010. This very generous gift will include interviews on KGUN9's Good Morning Tucson, 94.9 MIXfm and 104.1 The Truth; an appearance on KGUN9's Morning Blend; and exposure on both TV stations, 4 radio stations, 5 websites, and special programming digital side-channels owned and operated by the Journal Broadcast Group – Tucson, including:
